

Shubham Dubey

Dedicated and results-driven .Net Developer with 3 years of experience in designing, developing, and maintaining software applications using Microsoft .Net framework. Adept at collaborating with cross-functional teams to deliver high-quality solutions. Strong problem-solving skills and a passion for staying up to date with industry trends and emerging technologies.

Work Experience

Software Developer, Webtel Elecrosoft Private Ltd.

Feb 2024 - Present

- Developed and maintained e-compliance applications, focusing on tax applications for filing ITR 1 to 7.
- Collaborated with cross-functional teams to ensure seamless integration and functionality of the application.
- Implemented new features and enhancements based on regulatory updates.
- Utilized Html5, CSS3, Bootstrap, Javascript and Dotnet Core (6, 7, 8) to build robust, scalable, and secure applications.
- Integrated a previous project code into the application for generating RTF reports.
- Integrated Dapper for efficient database operations and data access.
- Conducted code reviews and provided mentorship to junior developers.

Associate Software Engineer, Teamarcs Technologies Pvt. Ltd.

Jan 2022 - Jan 2024

- Collaborated with a team of developers and software engineers to design, develop, and deploy web applications using ASP.NET MVC.
- Implemented front-end designs using HTML, CSS, and JavaScript to create user-friendly and responsive interfaces.
- Developed and maintained RESTful APIs for seamless communication between front-end and back-end systems.
- Participated in the full software development lifecycle, including requirements analysis, design, coding, testing, and deployment.
- Assisted in debugging and resolving software defects to ensure application stability and performance.
- Integrated third-party libraries and frameworks to enhance application functionality and improve efficiency.

Front end Developer Intern, Web Creative Solutions Pvt Ltd.

Aug 2020 - Jan 2021

- Designed and developed a responsive portfolio website showcasing personal projects.
- Implemented animations and transitions using CSS3 for enhanced user engagement.
- Utilized JavaScript to create interactive elements and dynamic content.
- Ensured cross-browser compatibility and optimized performance for fast loading times.
